HUSE & CARLETON, INC.  
91 - 97 BLACKSTONE STREET BOSTON

ALL our Furnace Fittings are made of  
1X bright, full weight tin plate, and  
No. 24 and No. 26 Galvanized Iron. All  
our pipe is hand made; our elbows the  
very best we can purchase.

WE aim to carry goods which will  
appeal to you on account of their  
quality, while at the same time we feel  
confident the price will meet with your  
approval. All our pipe and fittings are  
made to the standard of New England  
sizes.

## PARKER-KALON HARDENED SELF-TAPPING SHEET METAL SCREWS

	Per Gross List
No. 6 x 3/8 inch (3/32" x 3/8").....	\$0.96
No. 7 x 1/2 inch (1/8" x 1/2").....	1.04
No. 10 x 3/4 inch (3/16" x 3/4").....	1.36
No. 14 x 7/8 inch (1/4" x 7/8").....	1.66

Invaluable for sheet metal workers for putting up Furnace and Stove pipes, joining heating and ventilating ducts, making furnace casings and fittings.

Easier, quicker and cheaper to use than Stove Bolts or Rivets.

By punching a hole a trifle smaller than the screw diameter through as many metal sheets as are to be joined, and turning the screw in with a screw driver, they act like a tap and the metal is drawn together tightly and will stay firmly fastened.
